

Welcome to the City Council Meeting

Invitation to speak to an agenda or non-agenda item.

The public is invited to watch and listen to the City Council deliberate and vote on the agenda items scheduled for action and discussion. Although the City Council meets in public, this is not a meeting in which the public may participate. It is a meeting for the seven members of the City Council to conduct the business of the city.

As an important part of each meeting, the public is invited to address the City Council about concerns they have or on items not covered in this agenda. This is the only time the public will have to speak to Council members during the meeting. When you are called upon by the mayor, please stand up and identify yourself before you begin to speak.

Concerns that are shared with the Council may be addressed in two ways. The Council may take this issue under advisement and discuss it at the next monthly Committee meeting. Or they may direct you to meet with the mayor, in order to understand the matter more fully. After which you will receive a response from the mayor.

*Public presentations will be limited to three minutes, unless it is the consensus of the Council to permit additional time.
